

Topic - Analysis on Profitability of Commercial Banks

Points to be covered-

- Growth in Deposits by Commercial banks
- Growth in Credits by Commercial Banks
- Growth in Profit of Commercial banks
- Growth in Interest income of banks

Compare all these points with last 5 year data (2016-2021)

Use graphs and charts for all points

And the last point would be this major question-
The loans which the banks give, are they making profits on them?

And make suggestions about this.

Total pages - 50 [(20 pages include graphs, calculations, balance sheet, p&l images, charts, etc.) and (the remaining 30 includes index, acknowledgement, cover page, references and the summary of all the points mentioned above and conclusion)]

This is based on Indian commercial banks.
