

Lab report video 7

Putting it all together

Compiling the document for AT1

- Title page – own page
- Introduction – start of second page
- Method – flows on from Introduction
- References – own page

Compiling the document for AT2

- Title page – own page
- Abstract – own page
- Results – start of third page
- Discussion – flows on from Results
- References – own page

Preparing to submit your assignment

- Proofread
- Check word count and revise if over
 - Separate word count for abstract
- Double check you have included all your references and not any that you didn't end up using
- Use the Read Aloud function in Word to pick up spelling errors or incomplete sentences
 - [Listen to your Word documents](#)
- Run your document through the [practice Turnitin portal](#) to check you haven't plagiarised
- Submit to the dropbox, double/triple-checking you are submitting the correct file
- Celebrate

Congratulations!

You've written a lab report!
